**Ratings Rationale**

The rating assigned to the bank facilities and proposed Money Market instrument of Axess Limited (“Axess”) continues to derive strength from the long & satisfactory track record in the auto dealership business, the company’s position as the second largest automobile dealer in Mauritius (in terms of units sold), strong parentage with being part of ENL group, exclusivity in dealership of Jaguar, Land Rover, Ford, Citroen, Mazda & Peugeot in Mauritius, 15 years long relationship with Jaguar and Land Rover and the rising demand for car sales in Mauritius during last 5 years. The rating also takes into consideration the improved operating performance in FY22 and 10MFY23 with better operating income and profit with healthy growth in car sales, and the satisfactory financial position with comfortable liquidity.

The rating is, however, constrained by foreign exchange fluctuation risk, competition from dealers of other luxury brands and secondary market, non-availability/delay in receipt of vehicles from the manufacturers due to semi-conductor and logistics issues across the globe and risk associated with inherent cyclical nature of demand in the automobile sector.

**Rating sensitivities*****Positive factors that could, individually or collectively, lead to positive rating action/upgrade***

- Ability to maintain steady profitability and scale up more than 20% from current levels
- Ability to maintain its position as the second largest car reseller in the automobile dealership market of Mauritius
- Effective working-capital management

***Negative factors that could, individually or collectively, lead to negative rating action/downgrade***

- Non-renewal of dealership agreement with the car dealers
- Significant decline in market position on sustained basis
