#### Rating Rationale

The rating assigned to the Secured Credit-linked Notes of CM Structured Products (2) Ltd (“CMSPL2”) has been reaffirmed with the removal of Credit Watch since the credit rating of the reference entity [City and Beach Hotels (Mauritius) Limited (“CBHL”) – CARE MAU BBB+; Negative], has been reaffirmed with the removal of Credit Watch primarily in respect of the arrival of tourists in Mauritius as from October 2021 i.e., post lifting of full air travel restrictions in Mauritius, leading to an increase in the occupancy and improvement in the revenue of CBHL.

The rating assigned to the Secured Credit-linked Notes of CMSPL2 is dependent on the financial performance of the reference entity, CBHL, since the debt repayment will be made from the operational cashflow of CBHL.

However, CRAF based on discussion with CBHL management, has their confirmation that CBHL has paid all interest due on the Bond till date and has adequate liquidity to meet its scheduled debt servicing obligations (interest payment on Bonds) over next 1 year.

The ratings are supported by the integrity of the legal structure and the structured payment mechanism designed to ensure timely payment of the interest on the rated Credit linked Notes, as per the terms of the transaction and is not a standalone rating of CM Structured Products (2) Ltd.

The ratings are however constrained by ability of the Underwriter to arrange funds on the execution of Put option by the Investor on the interest reset date, regulatory risk associated with issue of Credit linked Notes and interest rate risk.

Financial performance of the reference entity, level of indebtedness of the reference entity vis-à-vis operational cash flow and ability of the Underwriter to arrange funds in a timely manner on interest reset dates are the key rating sensitivities.
