Ratings

Facilities/Instruments	Amount (Mur Million)	Rating ¹	Rating Action
Bond Issue	1,123	CARE MAU BBB+; CWD [Triple B Plus; Credit Watch with Developing Implications]	Placed under credit watch with Developing Implications

The rating has been placed under credit watch with developing implications due to the Financial Intelligence Unit (FIU) restriction order on the assets of Mr. Nawaz Khan Chady, the promoter of Investcorp (Holdings) Ltd, in association with the ongoing investigation of Mr. Sherry Singh, the former CEO of Mauritius Telecom. Mr. Chady owns 100% stake of Blue Valley Limited which in turn holds 100% stake in Investcorp. **CARE Ratings Africa Private Limited will take a view on the ratings once the exact implications of the above on the credit risk profile for the company are clear.**

Rating rationale

The rating assigned to the bond issue of Investcorp (Holdings) Ltd – IHL derives strength from prime location of the properties (Ebene, Port Louis & Grand Baie), diversified & established tenants with 13% of existing tenants being part of HYVEC Group, improved occupancy rate to 69% with respect to previous year, Debt Service Reserve Account (DSRA) of one semi-annual repayment, presence of covenant restricting dividend payment till full Bond repayment and steady demand for Grade A office properties in Ebene. The rating also takes into consideration that IHL is part of HYVEC Group and the promoter's experience in real estate development.

The rating is, however, constrained by the risk of tenanting the new office properties in Ebene (GLA of 12,306 sqm), low interest coverage ratio (1.5x in FY21 in line with bond covenant), short tenure of lease compared to bond tenure, refinancing risk at maturity and ability to retain the existing tenants in the wake of new office developments in & around Ebene. In the repayment year, IHL will have around MUR 300 million as reserve and it will require around MUR 700 million which will be generated from sale of property or refinancing.

Rating Sensitivities***Positive factors that could, individually or collectively, lead to positive rating action/upgrade***

- Ability to increase occupancy ratio over 85% for new properties.
- Timely disposal of the building as envisaged by FY26/27
- Ability to achieve the projected occupancy and rentals in the new buildings

Negative factors that could, individually or collectively, lead to negative rating action/ downgrade

- Addition of significant debt by IHL on consistent basis
- Reduction in occupancy by 15%
