

MCB Structured Solutions Ltd

June 15,2022

CRAF assigns 'Provisional CARE MAU AA (SO); Stable', rating to the Secured Credit-Linked Notes Issue of MUR 160 million from MCB Structured Solutions Ltd ("MSSL")

Ratings

Facilities/Instruments	Amount (Mur Million)	Rating ¹	Rating Action
Secured Credit-Linked Notes ("CLN")	160	Provisional CARE MAU AA (SO) Stable [Double A (Structured Obligation); Outlook: Stable]	Assigned
Total	160		

The above rating is provisional and will be confirmed once the company meets the following conditions to the satisfaction of CRAF:

- 1. Execution of the Note holder's agreement in line with the draft term sheet,**
- 2. Creation of escrow mechanism**
- 3. Undertaking from MCB Stockbrokers Limited to buy back the MCBG Notes on relevant maturity date**

Rating Rationale

The rating is supported by the integrity of the proposed legal structure and the structured payment mechanism designed to ensure timely payment of the interest on the rated Secured Credit-linked Notes, as per the terms of the transaction and is not a standalone rating of MCB Structured Solutions Ltd ("MSSL").

The ratings assigned to MSSL derives strength from the credit risk profile of the reference entity, MCB Group Limited ("MCBG" rated CARE MAU AAA Stable), since the interest payments will made out of coupon payments to the noteholders of MCBG, and also MCB Stockbrokers Ltd (MCBSB) which shall undertake to buy back the MCBG notes on the relevant maturity date at par. MCBSB is a wholly owned subsidiary of MCB Capital Markets Ltd (MCBCM), which in turn is a 100% subsidiary of MCB Group Limited.

The rating is however constrained by the ability of the Underwriter ((MCBSB) to arrange for funds on the maturity date and operational risks associated with the complex nature of Credit linked Notes.

MSSB's ability to arrange for funds on the maturity date and the timely coupon payments to the noteholders from MCBG and are the key rating sensitivities.

Rating Sensitivities:

Positive Factors - Factors that could lead to positive rating action/upgrade: **Not applicable**

Negative Factors - Factors that could lead to negative rating action/downgrade:

- Downgrade in the rating of the reference entity, MCB Group Limited
- Inability of the underwriter, MCB Stockbrokers Ltd, to have access to financial sources for the buy back the notes of MCBG

BACKGROUND

MCB Structured Solutions Ltd. (MSSL), a public limited company, was incorporated as a Special Purpose Vehicle (SPV) in January 2013. It is wholly owned by MCBCM, a 100% subsidiary of MCB Group Limited (rated CARE MAU AAA; Stable). As on June 30, 2021, MSSL reported a PAT of MUR 10 million on a revenue of MUR 47 million.

- Raised through a private placement
- Investors benefit from an interest income of 1.55% on par with 4-year FD rates and also participate in reference index returns.

The proceeds raised from the issue of CLNs shall be used to acquire notes issued by MCB Group on 29 June 2021 and maturing on 29 June 2028, which carry coupon payment of Repo + 0.85% (current repo rate at 2.25% p.a), payable on a quarterly basis. To hedge the interest rate risk, the MSSL proposes to enter into an interest rate swap with MCB Treasury. Under this swap agreement, the Issuer shall pay MCB Repo and receive a fixed interest rate. At a minimum, the Noteholders shall receive annual coupon of 1.55% p.a., a return which is almost equivalent to a 4 year fixed deposit at the Mauritius Commercial Bank Ltd. MSSL will utilize the excess spread to invest in call options linked to the participation index, the SG Global Security USD VT 9 Index which longs the base index, SG Global Security USD Index, with an embedded volatility control of 9%. The Noteholders may benefit from an additional return based on the performance of the participation index, the SG Global Security USD VT 9 Index.

There is a maturity mismatch between the MCBG Notes (maturity date of 29 June 2028) and the Notes (maturity in June 2026). The Issuer propose to mitigate this risk as follows:

- At least 90 days prior to maturity, it shall offer the Noteholders the possibility of having their notes either (i) redeemed in cash at the relevant maturity date, or (ii) redeemed in specie by a transfer of MCBG Notes
- The Issuer shall enter into an Underwriting Agreement with MCB. Stockbrokers which shall commit to buy back the MCBG Notes on the relevant maturity date at par.
