Rating Rationale

The ratings assigned to the bond issues of MaxCity Property Fund Limited continue to derive strength from steady lease rentals being generated from properties at prime location, reputed and diversified tenant base, continued high occupancy ratio (90% as at September 2022) & retention rate of tenants in these properties and comfortable debt coverage ratios. The ratings also derive strength from experienced promoters and MPFL being a part of MaxCity group which has an established track record in real estate development in Mauritius.

The rating is, however, constrained by shorter lease tenure as compared to bond tenure, vacancy in the buildings, worsening of the global situation from the pandemic affecting collection of rentals, market risk, level of debt in the company, refinancing risk at time of redemption of bonds and foreign exchange fluctuation risk.

Rating Sensitivities

Positive factors - Factors that could, individually or collectively, lead to positive rating action/upgrade:

- Timely renewal of lease rentals
- Ability to maintain high occupancy rate in all the properties

Negative Factors - Factors that could, individually or collectively, lead to negative rating action/downgrade:

- Inability of the company to retain its tenant thus witnessing a drop in occupancy which will hinder rental income.
- Additional debt raised by MPFL

MPFL owns six properties, with a total leasable area of 439,570 sq. ft (40,852 sqm), as under:

- ✓ 2 Grade-A prime commercial properties - 1 CyberCity Ebene and One Cathedral Square, Port Louis
- ✓ 1 operating in a niche segment – Centre Commercial Emerald Park which is designed and built specifically for retail operators in the Home DIY/Housewares sector. It also holds some offices.
- ✓ 3 commercial properties - Court View Building, Max Tower Building and Max Plaza.

The company utilises the rent received from these properties for debt servicing and cash build up for repayment of the Bonds. Loan to Value (LTV) as on December 31, 2021, was 59% - considering property valuation of Mur 3,202 million

Performance in FY21: As per Audited Annual Report FY21 (January – December 31), MPFL reported a total income of MUR 302 million (MUR 277 million in FY20), EBITDA of MUR 233 million (MUR 209 million in FY20) with PAT of MUR 71 million (MUR 81 million in FY20). The occupancy ratio was at 90% as at September 2022. Cash Interest coverage for repayment of the Bond issues considering the opening cash balance is expected to remain comfortable for the projected period (FY22-30) i.e., between 1.27x – 20.43x reflecting the ability to absorb non-receipt of some of the lease rentals due to delay in renewal of lease post expiry. Interest is paid prior to payment of management fees.
