Rating Rationale

The rating assigned to the term loans of MUR 503 million of Tropical Paradise Co. Ltd. ("TPCL") was downgraded from CARE MAU A to CARE MAU A- and continues under Credit watch with negative implications in relation to the outbreak of Covid-19 pandemic and closure of international borders in Mauritius since March 2020.

The rating was downgraded primarily due to the uncertainty with respect to arrival of tourists and business travellers in Mauritius as from October 2021 i.e., post lifting of full air travel restrictions in Mauritius, leading to lower-than-expected occupancy and possibility of TPCL incurring loss in FY22 and losses incurred by TPCL during nine months ended March 31, 2021. However, CRAF based on discussion with TPCL management, has their confirmation that the company has paid all interest that were initially deferred on the term loan till date and has adequate liquidity to meet its scheduled debt servicing obligations (interest payment on term loan) over the next 1 year.

The rating derives strength from its experienced and resourceful promoters - Eclasia group holding 53.38% of TPCL (Eclasia Group through Indigo Hotels & Resorts Ltd. holds 48.88% of TPCL and through Management and Development Co Limited holds 4.50% of TPCL) having long track record of operations, strong presence of TPCL in the business hotel sector of Mauritius, popularity of the 4 hotels (Labourdonnais Waterfront Hotel, Le Suffren Hotel & Marina, Hennessy Park Hotel and The Address Boutique Hotel) among the business travellers due their favourable locations, commercial agreements with airlines and corporates, satisfactory average room revenue (ARR) and occupancy rate up to March 2020, diversified source of revenue with significant contribution from Food & Beverage (F&B) segment and agreements with leading Online Travel Agents (OTAs).

The rating strengths are, however, tempered by cyclical nature of the hotel industry as demand for hotel rooms varies with economic cycles and regular capital expenditure in the industry, market & political risks associated with the operations as well as event risk (natural disasters), competition from upcoming Hotel Projects in Ebene and budget hotels and accommodation available through websites (like Airbnb, Oyo etc.) and sensitivity of the Mauritian hotel industry to air access, more so in post COVID-19 era.

Given the current uncertainty surrounding the tourist and business travellers' arrival in Mauritius as from October 2021 i.e., post lifting of full air travel restrictions in Mauritius, CRAF is not in a position to assess TPCL's ability to achieve the required

occupancy in hotels, which will enable the company to become profitable. Hence, CRAF will keep monitoring the situation and will review the ratings by December 2021.

Impact of COVID -19 on TPCL

Since March 20, 2020, Government of Mauritius has closed all its borders to incoming tourists to limit spreading of the novel Coronavirus. As a result, all hotels had to suspend their normal operations for an indeterminate period (until air and sea access restrictions are fully lifted) and reduce fixed costs.

In March 2021, Mauritius was hit by the second wave of COVID-19 pandemic and in response to the increase in local cases in Mauritius, Govt. of Mauritius announced on March 10, 2021, a national lockdown.

In June 2021, the reopening of the borders was announced in a phased manner as from July 15, 2021, and a full opening as from October 1, 2021. From July 15, 2021, all flights are allowed to land in Mauritius and all travellers will be allowed to enter the country with following restrictions: -

- a. Fully vaccinated travellers (International and Mauritians) will be able to enjoy Resort facilities (sea, restaurant, swimming pool and other facilities) of the 14 identified Resorts. If guests stay for more than 14 days and have negative PCR tests, then only they will be allowed to leave the hotel (after 14 days) and travel around the island freely for the rest of their stay.
- b. Non-vaccinated or One dose vaccinated traveller will have to undergo the compulsory 14 days room quarantine in the 8 designated hotels.

Following the Curfew Order in force on the 23rd of March 2020, TPCL closed Labourdonnais Waterfront Hotel (LWH) on the same date. Le Suffren Hotel & Marina (LSH) was subsequently closed on the 25th of March 2020 while the Hennessy Park Hotel (HPH) was operational.

Labourdonnais Waterfront Hotel is still closed for accommodation, while all the other hotels are open. TPCL's management has indicated CRAF that they expect to resume the rooms operations of Labourdonnais Waterfront Hotel as soon as Mauritius reopen its borders, while the Food & beverage section of all the hotels are fully operational.

TPCL borrowed funds amounting to MUR 503 million from MCB Bank in Dec 2019 and utilized same for repayment of existing loan of MUR 335 million from MCB, refurbishment of Le Suffren Hotel & Marina and the land acquisition of Labourdonnais Waterfront Hotel Hotel from Caudan Development Ltd.

During discussion, TPCL's management explained that the company has unutilized overdraft facility of MUR 110 million (overdraft facility – MUR 205 million), to meet its fixed expenses and interest payments.

TPCL's management has informed CRAF that MCB has sanctioned a banking facility of MUR 210 million (@1.5% p.a.) under the 'Bank of Mauritius Covid-19 Support Programme', in order to tide over any unforeseen liquidity shortfall (due to delay in pickup of occupancy) or in case of another lockdown. This facility is available in one or more drawdowns (each drawdown being a loan) and as on July 31, 2021, TPCL has availed MUR 110 million and have a balance of MUR 100 million unutilised. During 9MFY21, TPCL posted a revenue of MUR 222 million and loss of MUR 129 million. Major revenue generation is through its Food & Beverages section, including Banqueting and conferences, (80%) and the balance contribution of revenue mainly from rooms division and Spa & wellness Club.
