Bond	350	CARE MAU A-; Stable	Reaffirmed

Rating Rationale

The rating assigned to the Bond issues of Lavastone Ltd (Lavastone) derives strength from the experienced promoters, steady cash inflow from its subsidiaries/associate which own portfolio of rental yielding properties located in prime location of Port Louis, stable and higher occupancy level (more than 85%) in majority of the properties, stable financial risk profile of the major subsidiaries (Lavastone Properties & Edith Cavell), satisfactory risk profile of the tenants, majority of subsidiaries are profitable with nil outside debt, longer tenure of lease agreements vis-à-vis tenor of the issued & proposed bond coupled with demonstrated track record of timely renewal of lease agreements and comfortable cash coverage ratios of Lavastone.

The rating is, however, constrained by tenant concentration risk in the subsidiaries, refinancing risk at the time of redemption of the Bond and project execution risk in Compagnie Valome Ltée and Victoria Station Limited (Phase 2 – offices).

Rating sensitivities

Positive factors that could, individually or collectively, lead to positive rating action/upgrade

- Improvement in occupancy level and financial performance of dividend paying subsidiaries/ associates
- Successful execution of renovation/expansion projects in different properties within envisaged cost and timeline

Negative factors that could, individually or collectively, lead to negative rating action/downgrade

- Significantly large debt-funded new acquisitions and renovations not envisaged adversely impacting cash flows/debt coverage indicators
- Reduction in occupancy for more than 10% of existing levels.
- Non-Cash build-up of 50% from February 2024 over next 4 years for the principal repayment in Feb 2028 for the bond issue of MUR 350 million
- Delay in renovation of hotel project and less than expected performance of the hotel post re-opening in June 2023.
