Ratings

Instrument	Amount (Mur Million)	Rating ¹	Rating Action
Bond Issue	473	CARE MAU A- (SO)*; Stable [Single A Minus (Structured Obligation); Outlook: Stable]	Reaffirmed
Proposed Bond Issue	1,075	CARE MAU A-(SO)*; Stable [Single A Minus (Structured Obligation); Outlook: Stable]	Assigned

**Structured Obligation is for the ring fencing of cash flow by way of escrow mechanism completely under the purview of bank at each GFA level. Any surplus cash can only be paid to the sponsor only with the prior approval of the bank in charge of the escrow account.*

Rating Rationale

The rating continues to derive support by the integrity of the legal structure and the structured payment mechanism to ringfence the cash flow from the SPV project to be up streamed to meet the principal & interest payment of the rated Bonds, as per the terms of the transaction and it is not a standalone rating of Evaco Ltd. ("Evaco"). The structure involves debt servicing of the Bond issues from the cashflows of the Cap Marina project to be maintained in a designated account with SBM Bank Ltd through a ring-fenced waterfall mechanism and excess cashflow, in a designated account. The same cannot be utilised for any other future real estate development without prior approval of the Noteholder's Representative (SBM Fund Services Ltd) and maintenance of a Debt Services Reserve Account (DSRA).

The ratings further continue to derive strength from the experienced promoter with 20 years track record in the development of high-end residential real estate in Mauritius - mostly for overseas buyers (European & South African), prime location of the developed properties and newly constructed property, sale and build concept followed for all projects, satisfactory reputation of Evaco among its clients & bankers for quality of construction & completion of most of the projects well within envisaged timelines and the strong demand for luxury residential in Mauritius. The rating also takes into cognisance the satisfactory sale of Cap Marina project, under-construction phases being backed by GFA from reputed Banks, satisfactory progress of the project and presence of a structured mechanism & Designated Account and DSRA – ensuring priority of usage of excess cashflow from Cap Marina project for debt servicing of the Bonds.

The Rating, is however, constrained by the project implementation risk associated with development and construction of the various phases of the project, market risk associated with sale of luxury residential and property development, delay in sale of the remaining units leading to lower-than-projected cashflow, volatility in interest rate and the regulatory risk in case there are changes pertaining to laws associated with property development and sale.

Rating sensitivities***Positive factors that could lead to positive rating action / upgrade:***

- Timely completion of projects within cost parameters
- Ability to achieve targeted sale within envisaged rate and time frame.

¹Complete definitions of the ratings assigned are available at www.careratingsafrica.com.

Negative factors that could lead to negative rating / downgrade:

- Additional debt by Evaco over and above the envisaged level
- Delay in construction of the villas at Cap Marina thus delay in receipt of sale proceeds.
- Inability to achieve targeted sale within the envisaged timeline

BACKGROUND

Incorporated on April 3, 2002, Evaco Ltd ("Evaco") emerged from a real estate development company to a holding and investment entity. It is a 100% subsidiary of Société A. Mayer which is fully owned by Mr. Arnaud Mayer, the founder, and Chairman of Evaco Group. Evaco acts as a group corporate executive office with its global head offices located in Mauritius. It is a public limited liability company, and its principal activities consist of property and real estate development, construction, manufacturing, and hospitality & leisure. As of December 31, 2022, Evaco Group has developed real estate projects on a total area of 431,000 sqm. With over 20 years of experience, Evaco group is recognized as one of the key players in important sectors of the economy.

Management: Evaco Group is a professionally managed company and is governed by 7-member Board of Director with 3 Executive, 2 Non-executive and 2 Independent Directors. The strategic affairs of the company are looked after by the founder and chairman, Mr. Arnaud Mayer. Mr. Alexandre Gourel de St Pern is the Chief Executive Officer. They are assisted by a team of qualified and experienced professionals for managing the day-to-day operations of the company.

Cap Marina Project: Cap Marina is the only real estate project currently being developed by Evaco in the village of Cap Malheureux. The project comprises of construction of 318 high-end residential villas, duplexes, and apartments under the Property-Development-Scheme (PDS) of the Govt. of Mauritius (GoM) for selling to foreigners & expats (primarily South Africans and Europeans) and development of 21 Villas for the locals. As per GoM Regulation, all residential developments under PDS Schemes (targeted for international clients) should be under VEFA Regulation (Vente en État Futur d'Achèvement) – governed by Civil Law of Mauritius and requires a Financial Completion Guarantee (GFA) from a reputed Bank.

Banks provide GFA – whereby it undertakes to complete the project and deliver the product to the buyer in case the developer has failed to do so. The entire Cap Marina project is on "Sale and Build" model. As on October 2023, out of 318 villas to be sold, Evaco has signed Agreement for 213 villas and has received part payments (5%-15%). The bond issues will be serviced from the cashflow of the Cap Marina project. The cashflow from Cap Marina project cannot be utilised for any future projects, since the same has been ring-fenced through GFA and waterfall mechanism.

The Rating is completely dependent on the successful execution of the Cap Marina project under construction and timely sale of the balance phases. Hence, the rating is dependent on the operational and financial performance of Cap Marina project, since annual cashflow of Evaco will depend on the cashflow of Cap Marina project.

Financial Performance of Evaco (consolidated): In FY23, revenue increased by 38% to reach MUR 1,043 million. Accordingly, EBITDA also increased to MUR 191 million (FY22: MUR 93 million). PAT amounted to MUR 89 million in FY23 (MUR 25 million in FY22). Both EBITDA and PAT margins increased to 18.28% and 8.51%, respectively, in FY23. Total debt has increased to MUR 2,341 million with an overall gearing of 3.93x.

Financial Performance of Evaco (standalone): Total income increased to MUR 56 million in FY23 from MUR 54 million in FY22. The rise in revenue has been reflected in the EBITDA which increased from negative MUR 9 million to positive MUR 21 million. PAT decreased to MUR 7 million compared to FY22 due to a one-off gain registered in FY22. GCA stood at MUR 14 million. Interest payable was at MUR 16 million. At as June, 30 2023, Evaco Ltd had total debt MUR 1,372 million with an overall gearing of 0.53x.

Disclaimer

CARE Ratings (Africa) Private Limited ("CRAF")'s ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CRAF's ratings do not convey suitability or price for the investor. CRAF's ratings do not constitute an audit on the rated entity. CRAF has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CRAF does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CRAF have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CRAF may also have other commercial transactions with the entity.

In case of partnership/proprietary concerns, the rating /outlook assigned by CRAF is, inter-alia, based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors. CRAF is not responsible for any errors and states that it has no financial liability whatsoever to the users of CRAF's rating. CRAF's ratings do not factor in any rating related trigger clauses as per the terms of the facility/instrument, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and if triggered, the ratings may see volatility and sharp downgrades.

Annexure II

Long /Medium-term Instruments

Symbols	Rating Definition
CARE MAU AAA	Instruments with this rating are considered to have the highest degree of safety regarding timely servicing of financial obligations, in Mauritius. Such instruments carry lowest credit risk.
CARE MAU AA	Instruments with this rating are considered to have high degree of safety regarding timely servicing of financial obligations, in Mauritius. Such instruments carry very low credit risk.
CARE MAU A	Instruments with this rating are considered to have adequate degree of safety regarding timely servicing of financial obligations, in Mauritius. Such instruments carry low credit risk.
