Ratings Rationale

The rating assigned to the Bond Issue of Attitude Hospitality Ltd (AHL) continues to derive strength from the improved operational and financial performance with occupancy levels reaching pre-covid levels, improved average room revenue and comfortable cashflow of the major dividend paying companies and popularity of 3/4-star hotels among budget conscious tourists. The rating also factors in the satisfactory track record and experience of the promoters in the hotel sector, the professional and qualified management team, established track record of the promoters in acquiring loss-making hotels and successfully turning them profitable, improved tourism industry and strong demand for hotel rooms since re-opening of international borders and a pent-up tourists' arrivals to Mauritius. Given that the company has already in principle approval to refinance the existing debt from the lenders, CARE believes that the refinancing is unlikely to be a major concern from rating perspective.

The rating is, however, constrained by project risk associated with capacity addition programme in some hotels, direct competition from local budget accommodation, foreign exchange risks and sensitivity of the Mauritian hotel industry with respect to tourists' arrivals.

Rating Sensitivities:***Positive factors that could, individually or collectively, lead to positive rating action/upgrade***

- Ability to maintain occupancy rate above 80% and projected ARR
- Improvement in operational & financial performance of the dividend paying companies
- Successful completion of renovation in different hotels within the envisaged cost and timeline

Negative factors that could, individually or collectively, lead to negative rating action/downgrade

- Significant addition to debt to fund expansion or acquisition increasing the gearing level
- Decline in ARR and occupancy level
- Higher than projected dividend or any support extended to the subsidiary companies

BACKGROUND

Attitude Hospitality Ltd ("AHL") was incorporated, as Jason Hotels Company Ltd in May 2008, by Mr. Marie Adrien Robert and his son Mr. Jean- Michel Pitot. In July 2014, the company was renamed as AHL. Since inception, AHL's focus has been to position itself as a mid-market (3/4-star category) hotel player in the tourism sector of Mauritius. In 2008, Mr Michel Pitot and his son Mr Jean-Michel had a belief that the future of tourism in Mauritius would be within the 3*-Plus and 4* segments.

Created 15 years ago, AHL is a young Mauritian family-owned business which owns, operates and/or manages hotels under the "Attitude" brand.

In less than a decade, the Group has grown its portfolio from a humble 2 hotels and 210 rooms to boast the 2nd largest room inventory in Mauritius spanning 9 hotels. AHL has established itself as a recognised resort operator with a distribution network spanning all major European tour operators.
